2. CRITICAL ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the Association's accounting policies.

The Association makes estimates and assumptions in respect of certain key assets and liabilities. Estimates and judgments are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

3. RISK MANAGEMENT

The Association is exposed to a variety of financial risks through its use of financial instruments. This note discloses the Association's objectives, policies and processes for managing these risks.

a) Accounting policy

i) Donations receivable

Other receivables are initially recognised at fair value and subsequently measured at amortised cost using the effective interest method, less any allowance for expected credit losses. Other receivables are generally due for settlement within 30 days.

The Association has applied the simplified approach to measuring expected credit losses, which uses a lifetime expected loss allowance. To measure the expected credit losses, other receivables have been grouped based on shared risk characteristics.

The amount of expected credit losses is recognised in the Statement of Comprehensive Income.

When a receivable becomes uncollectible it is written off against the expected credit loss account. Subsequent recoveries of amounts previously written off are credited against other expenses in the Statement of Comprehensive Income.

8. RECEIVABLES continued

a) Accounting policy continued

ii) Interest rate risk

Information about the Association's exposure to interest rate risk in relation to other receivables is provided in Note 3.

The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivables mentioned above.

iv) Risk exposure

The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivable mentioned above. Refer to Note 3 for more information on the risk management policy of the Association and the credit quality of the Association receivables.

Donations payable	76,766	109,545

Trade and other payables are presented as current liabilities unless payment is not due within 12 months from the reporting date. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

These amounts represent liabilities for projects the Association is committed to providing funding to prior to the end of the financial year which are unpaid. These amounts are unsecured and are usually paid within 30 days of recognition. The carrying amount of trade and other payables are considered to be the same as their fair values, due to their short-term nature.

10. ECONOMIC DEPENDENCY AND OPERATIONAL SUPPORT

Footprints Fundraising Inc. is economically dependent on nib travel Pty Limited and some of its subsidiaries, as the majority of donations are received from customers purchasing the subsidiaries' travel insurance. nib holdings Limited and its subsidiaries also provides ongoing support with regards to operations and technology. nib holdings Limited has also provided a letter of financial support to ensure that Footprints Fundraising Inc. is financially able to pay its expenses as and when they fall due.

During the year, nib Group announced it would conduct a strategic review of its global travel insurance business. The purpose of the review is to assess strategic options for the global travel insurance business, up to and including a possible sale. The review is underway with an outcome targeted in FY26. Accordingly, in the consolidated financial statements for the year ending 30 June 2025 of the ultimate parent, nib holdings limited, the net assets of the nib Travel group (nib Travel Pty Limited and its subsidiaries) have been designated as held for sale, together with the financial performance as discontinuing operations. Notwithstanding this, the members are satisfied the going concern remains appropriate for the preparation of the financial statements.
